### About Me

Hello, I am Onur Eren Akgül, Currently studying Computer Engineering in Bartın University as a 5th grade now. I have been using java for 2.5 years and have some experience using C# language. Currently working on an android app project using the Java language.

### Education

**B.S. in Computer Engineering, Bartın University**  
08/2019 – present | Bartın, Turkey

**B.S. in Computer Science,**  
*Politechnika Świętokrzyska*  
10/2022 – 02/2023 | Kielce, Poland

### Projects

#### Dataset classifier project

This project classifies a dataset with some classifier algorithms using weka's machine learning library. This project was made using java language

#### Link Shortifier

This project is a link organizer that helps people to shortify their links and manage their social media portfolio. The project's API has been provided from the company.

### Erasmus+ Experience

#### Studied in Poland as an Erasmus+ Student

10/2022 – 07/2023 | Kielce, Poland  
I have studied abroad in Poland as a Computer Science student for a year. I have gained experiences studying abroad with professors that are expert in their field.

### Interests

- Bowling
- Basketball
- Motorsports

### Skills

**Java** (Intermediate) | **C#** (Lower-Intermediate)  
| **C** (Beginner Level) | **MSSQL, MYSQL**  
(Beginner) | **ASP.NET** (Beginner)
